Our National Committee President's Message

OUR NATIONAL COMMITTEE PRESIDENT SULTAN YILMAZ'S MESSAGE

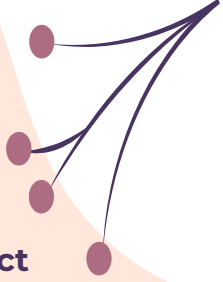

Hello all,

As we're all aware, COVID- 19 pandemic affects the whole world, our country and the Award family of the International Award for Young People-Türkiye. We have confronted incredible problems and obstacles in of 2020. Nevertheless, we have experienced that it is possible to turn disadvantages into advantages if there is hope and effort is made. As the big International Award for Young People - Türkiye (IAYP-TR) family including the National Committee members, the National Office Staff, Award Coordinators, Award Leaders, Supervisors, precious participants and Award holders, we worked and succeeded all year to overcome the difficulties.

As you know, the logo and the name of the Award has changed. Our Award Leader and Supervisor trainings were held online. Validation Visits continue to be online, successfully. Many activities such as various meetings and participatory activities never stopped. As provided to all young people participating in the Award all around the world, the Bronze Adventurous Journeys, could be completed virtually which we could say in a way, is the last stop. The participants would be able to start VBE (Virtual Bronze Expedition) in the first months of 2021. For alternatives related to Gold Residential Projects, suggestions of completing the tasks virtually will follow Virtual Bronze Expeditions (VBE). Our determination for delivering the Award is derived from countless efforts of the dear participants to continue their Award journeys.

OUR NATIONAL COMMITTEE PRESIDENT SULTAN YILMAZ'S MESSAGE

Of course, as the IAYP-TR National Award Authority TİKAV management, we took care to act together with the management of the International Award Foundation in the works planned to be carried out under pandemic conditions. We tried to ensure that IAYP-TR participants benefit from practices in other countries.

We were able to move towards the target, and we gladly see that the number of our participants increased also in 2020. This means that the efforts made reach the goal.

In this success, first of all, the valuable contributions of our Award Centres, Award Coordinators, Award Leaders, Supervisors and the efforts of our National Office staff cannot be ignored.

Participants, who are supported with care, also successfully respond to their efforts. Our alumni participants add strength to the Programme with their activities. Thank you to all our stakeholders.

The founder and protector of our foundation, TİKAV Honorary President and Akfen Holding Chairman of the Board of Directors, Mr. Hamdi AKIN, and our main sponsor AKFEN Holding management were with us in the process we are in, as always. We owe gratitude.

It is my wish to come together with face-to-face work on healthy days.

With love and respect.

THE SECOND COMPANY JOINED AWARD FAMILY

AKFEN INFRASTRUCTURE HOLDİNG

We welcome Akfen Infrastructure Holding, our second corporate Award Centre, and we thank them for their cooperation and support in the Award. We hope to reach more young people together...

Hello, I'm İpek Günad, eleventh grade student at İstek Uluğbey Anatolian High School. At the same time, I'm one of the team members of the Turkish Triathlon National Team. Apart from my school life, I try to pay equal attention to sports and social activities.

When my Biology Teacher announced the Award, I thought this Programme was just for me. The main purpose of my application was that I couldn't spare my time for other activities due to the trainings and I wanted to do different activities outside of the sport. In this way, I could spare my time for different activities within a framework.

I chose triathlon, which I have been doing professionally for three years for the Physical Recreation section. I took part in the "Peer Workshop Activity" organized by my school for the Service section. In this activity, we played educational and instructive games with younger students in primary school. I chose gastronomy for the Skills section. Since I have a working Mom, I always prepare my meals myself since middle school. I thought that gastronomy would be beneficial for me as I wanted to prepare healthy meals for myself and since I'm engaged in sports. I want to study nutrition and dietetics in university. After completing these three different activities, we went to Eskişehir for the Adventurous Journey section. This was the part that I enjoyed the most and at the same time, it was the hardest part. Although it was difficult for me to walk up the mountain with fifteen kilos backpack, it was very enjoyable to spend time in nature with my friends and to do research on plants. .

If you ask "What was the contribution of the Award to my life", my answer would be, with the help of the Award, I had a chance to devote more time to different social activities, improved myself in different areas and started to see from different perspectives.

I realised that I had many skills that I wasn't aware of before the Award. With these skills, I believe that I will always be one step ahead of others as I had different areas of interest

2020 ADVENTUROUS JOURNEYS ONLINE MEETING

In the A&J's that would be held in 2020, as the National Office, we took into consideration the international coronavirus outbreak normalization process and the conditions of our country. At this meeting, after sharing the comprehensive measures we have taken as the National Office, various arrangements were introduced to enable our participants to complete the Award Programme and support our valuable volunteers.

Thanks to the Award Programme that I joined, I am definitely more productive and organized. I gained a habit to carry out all my work systematically. It allowed me to reach my goals in a shorter time.

For instance; I had a chance to improve my foreign language level in a shorter time. While I regularly feed stray animals, I increased my bond with animals. And also, I want to thank to the Award, with this bond, I adopted a dog.

Thanks to the paragliding that I have chosen as a Physical Recreation section, I increased my interaction with nature and I spent my time efficiently during my summer vacation.

NATIONAL COMMITTEE MEETING

On the **September 28th, 2020**, the International Award for Young People – Türkiye (IAYP-TR) 3rd National Committee Meeting was held online. National Committee President **Sultan Yılmaz**, National Committee Vice President **Pelin Akın Özalp**, Adventurous Journey Coordinator **Hakan Çalışkan**, Independent Participants Coordinator **Leyla Nilüfer Yılmaz** and Education Coordinator **Kıvanç Aker** and National Office staff attended the meeting.

I see The International Award For Young People-Türkiye as a journey from the beginning. My involvement in this journey dates back to the first week of high school. When I saw The Award among my school's social activities and read its content, I thought it would be so accurate and enjoyable programme for me. In almost every period of my school life, I have been involved in activities related to the each section of the Award. After starting the Bronze Category, I also added Service section to y activities that I am currently conducting in the section of Physical Recreation and Skills. Reporting on my activities in these sections on a weekly basis; I can see the progress of each step systematically and the difference between the starting point and the reached point. .

I think the Adventurous Journey section, which is the second phase of the Programme, is quite complementary as a nature journey that envisages the use of skills acquired in these three sections. During the journey, it is very enjoyable and instructive experience for all of us to find the opportunity to "Develop Skills" in finding the right direction with map and compass, to provide "Physical Recreation" by overcoming the obstacles caused by nature, and to do "Service" thanks to nature observation and finding solutions to problems. Although, we had to push ourselves a little, both physically and mentally, I think the experiences we had and the pleasure we had were well worth it.

I wanted to continue this journey, which I started at the beginning of my prep school and completed it with pleasure, and I started my Silver Category. Within the scope of The International Award for Young People-Türkiye, the experiences that I have gained, even after graduating entirely from the Programme, I believe it is a very valuable experience to accompany me "in my life journey".

Corporate Partnership

The International Award for Young People is a global framework for non-formal education, which challenges young people aged 14-24 to dream big, celebrate their achievements and make a difference in their world.

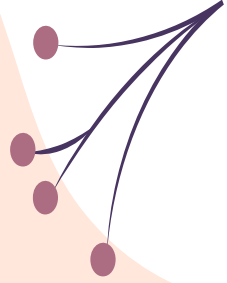

The Award is based on the principle of learning by experience; in particular, it aims to bring the 21st Century competencies required in business life to the participants. Thus, it prepares them for social and business life. The Award Programme; with the formation it provides, is one of the key elements that employers are looking for in their prospect employees' CVs and it provides an advantage to our graduates in recruitment process.

We carry out “Talent Development” (Internship Programme’s) and “Corporate Social Responsibility (CSR) Projects” with companies. As an alternative, during the projects to increase the awareness of the Award in Turkey and to include more young people as possible we aim to train employee as Award Leaders (mentors) and Supervisors to gain a unique experience. We are currently in cooperation with the leading companies in their sectors. Within the scope of the Award Programme, examples of such collaborations are also frequently encountered abroad.
