The International Award For Young People - Türkiye Training Coordinator Kıvaç Aker's Message

A Latin proverb says that experience is the best teacher. The person recognizes him/herself through experiences, improves his/her skills, and increases his/her awareness of the world s/he lives in. The Award Programme, which opens the door to new experiences, continued to contribute to the young people drawing a roadmap in their personal development journeys in 2022 as well. Our greatest happiness in 2022 was to be able to hold events face-to-face again. It was a great pleasure for us to come together with those who give their heart to the Award Programme at the Award Leader and Supervisor trainings, Active Award Leaders and Supervisor meetings. Our Award Family has grown even more in 2022. The active use of the Online Learning Platform has led to the restructuring of Award Leader training. The two-day Award Leader training was rescheduled and turned into a one-day training.

The International Award For Young People - Türkiye Training Coordinator Kıvaç Aker's Message

Award Leader candidates who completed the modules on the Online Learning Platform received their certificates after one day of training. We left behind a very productive year in terms of Adventurous Journeys. While our participants gained many skills in line with their experiences in nature, they also accumulated unforgettable memories.

We sincerely congratulate our participants who completed the programme and received their Award despite all the difficulties brought by the pandemic. In these days when we set our targets for 2023, we hope that the new year will pass with health and brand-new experiences that contribute to development for the entire Award Family.

We have completed the Award Leader and Supervisor Trainings in October, November and December. We had our Adventurous Journeys. We had Evaluation Visits to the Award Centres.

12 DECEMBER 2022 EVALUATION VISIT

We had an Evaluation Visit to Bilfen Ankara Çayyolu Liseleri on December 12.

Message from the Emerging Leader Aybüke Çalışkan

The International Award for Young People – Türkiye has been an important part of my life as a young person. Therefore, I am grateful for the support and opportunities it has provided me.

As an Award participant who completed the Bronze, Silver and Gold Categories, I had the chance to take myself out of my comfort zone and try new experiences and competencies thanks to the Award. I learned valuable skills such as teamwork, leadership and business plan management, and I also had the opportunity to contribute to my community through volunteering and Residential projects.

Message from the Emerging Leader AybÜke Çalıřkan

One of the most rewarding aspects of the Award Programme for me is that it helped me develop a strong sense of self-confidence and a sense of purpose; It was my motivation to set goals for myself and achieve them.

In addition to the personal growth and development I experienced, I had the opportunity to make new friends and connections, and learned a lot from my peers.

The effect of the Award on me was so great that I wanted to find a way to provide this benefit to new generations and to support the Award Program in Turkey. That's why I chose to volunteer to help other young people have the same positive experiences as I did. I assumed the titles of Adventurous Journey Supervisor in 2013, Award Leader in 2015, Instructor in 2016, and MveK Assessor in 2019, I strive to support the Award and help it continue to have a positive impact on young people across my country.

Message from the Emerging Leader AybÜke Çalıřkan

In 2022, Emerging Leader voting was held on the Global Award's Alumni Network (GAAN) for the first time, online and open to all Gold Award alumnie. In this vote, I was selected by my peers as one of the 8 Emerging Leaders representing young people on the International Council of the International Award Foundation. On behalf of the EMAS region, I am very excited about this new volunteer title where I will be responsible for representing the voices and needs of young people and helping shape the Award's global strategy.

I am delighted to have the opportunity to make a positive impact in the world and help the Award continue to make a difference in the lives of young people around the world.

Thank you to everyone who supported me on this journey. In particular, I would like to thank Akfen Holding, TIKAV, the National Office, and all volunteers who have made great contributions to the organization of the Award in Turkey. As the Emerging Leader Representative, I look forward to contributing to the Award and thus to the youth.
