MESSAGE FROM AWARD PARTICIPANT GÖRKEM AZRA DEDEOĞLU

The International Award for Young People – Türkiye Programme is not a programme that can be understood only by hearing from others or reading about it, but I would like to at least talk about my achievements and how they made me feel. The Award opens a brand-new door in your life, allows you to reveal aspects of yourself that you never knew. It shows you that you need to be at peace with life, it introduces you to brand new people. Sometimes you see that you can love and do things you never dreamed of loving or doing it. It teaches you to show yourself, to be a better version of yourself. Just like it did for me.

Before participating in the Award, I was a bit shy and thanks to the Award, I have become more communicative, more confident and I think I have become stronger in working together, cooperation and resilience.

The Award offers us wonderful memories and opportunities. I feel lucky to have been introduced to the programme.

Join the Award and start tracking your progress!
