MESSAGE FROM HÜLYA KIRÇUVAL

Hello,

Every individual has the right to realise their full potential!

With this belief, SERÇEV (Association of Children with Cerebral Palsy), to which I have devoted my heart and efforts for many years, and TİKAV (Turkish Human Resources Health and Education Foundation) of which I am proud to be a part, have achieved a truly meaningful and inspiring success this year.

Four young people with Cerebral Palsy have accomplished a remarkable first by successfully completing the Bronze Level of the Award and earning their certificates and badges. This achievement not only reflects their determination and perseverance, but also serves as a powerful testament to the impact of equal opportunity and inclusivity. The Award has not only provided these young people with a certificate; it has also enabled them to discover themselves, push their limits, dream, and open new doors on their journey towards reaching their goals for the future.

True equality in society can only be achieved through full access and participation in all areas by everyone. And the courageous young people of SERÇEV have reinforced this belief even further. They now know themselves better, are aware of their potential, and walk towards greater goals with hope and determination.

I sincerely thank everyone who contributed to this meaningful journey. And of course, I wholeheartedly congratulate the young people of SERÇEV who walk this path with all their hearts.

With the hope of meeting again in future success stories filled with equality and hope, in which many more young people with special needs take part in this programme...

With love and respect.

Hülya KIRÇUVAL

Chairman of the Board of TİKAV

TRAINING PROGRAMMES: AWARD LEADER TRAININGS

- 4 January 2025
- 11 January 2025

As the International Award for Young People – Türkiye, we continued our trainings for the Award Leader candidates who will guide our Award participants!

A total of 33 volunteers attended the 2 training we held in January!

In these trainings, we aimed to enhance our volunteers' skills in leadership, mentoring, and the implementation of the Award by providing them with both theoretical knowledge and practical skills. Throughout this enjoyable and educational process, we took a step forward with our volunteers to support young people in their personal development.
