Message from Gold Participant!

The International Award for Young People is not just a programme, but also a journey that prepares us for life. Throughout this journey, I found unique opportunities in the areas where I wanted to improve myself in the hours we spent in nature in our Purposeful Activity, and the value we added to the society with the activities we carried out in our Skills, Physical Recreation and Service sections.

Looking back, I will never forget any of the feelings or experiences that accompanied me on this journey. I had the chance to see parts of myself that I had never discovered before. Being immersed in nature, listening its sounds, was one of the most valuable experiences I could gain in life. This journey taught me to say, "You can achieve anything you want." I feel very fortunate to have learned the spirit of teamwork -to lift someone up when they fall, to support each other wholeheartedly, and to overcome both the easy and, when necessary, the difficult moments together.

Throughout the Award, I built wonderful friendships, faced challenges, and instead of giving up, I tried again. Every step strengthened both me and those around me. This experience is not just an award; it is a unique opportunity that has guided my life, showing me who I am and what I am capable of achieving.

Training Programmes:

As the International Award for Young People – Türkiye, we continued our trainings for the Award Leader candidates who will guide our Award participants!

A total of 99 volunteers attended the 6 training we held in October and November!

In these trainings, we aimed to enhance our volunteers' skills in leadership, mentoring, and the implementation of the Award by providing them with both theoretical knowledge and practical skills. Throughout this enjoyable and educational process, we took a step forward with our volunteers to support young people in their personal development.

We provided our volunteers with comprehensive theoretical and practical training for the situations they may encounter during the mentoring and implementation of the Award.

AWARD LEADER TRAININGS

- 12 Oct 2024
- 13 Oct 2024
- 30 Nov 2024

A&J SUPERVISOR TRAININGS

- 11-12-13 Oct 2024
- 18-19-20 Oct 2024
- 8-9-10 Nov 2024

26-27 OCTOBER 2024

DofE CUP: Duke of Edinburgh Cup

On October 26, 2024, the Duke of Edinburgh Cup, hosted at Istanbul Golf Club to contribute to the development of young people, was an exciting event.

The finalists of the tournament earned the right to participate in the Duke of Edinburgh Cup World Finals to be held in the United Kingdom.

This special event, organized by TİKAV, was more than just a golf tournament; it was an important step toward contributing to the personal development of young people.

The proceeds from the tournament will be used to support students participating in the IAYP-TR and Individual Development Program. With these donations, the goal is to contribute to the future success of young people and provide them with new opportunities.

This meaningful event, where sports and solidarity came together, not only provided participants with the opportunity to showcase their golf skills but also reinforced the awareness of social responsibility.

Being part of the tournament meant taking an important step in supporting the leaders and successful individuals of the future. Events like these continue to touch the lives of young people by combining the power of both sports and solidarity.

26-27-28 NOVEMBER 2024

EMAS REGIONAL MEETING

The EMAS Regional Meeting, hosted by IAYP-TR in Istanbul from November 26-28, brought together 49 Award representatives from European, Mediterranean, and Arab countries, along with 11 graduates from Turkey.

During the meeting, the 2030 Strategy and the impact of the Award in Türkiye and the EMAS region were shared, and international event calendars were presented.

During the meeting, various workshops that aimed at raising awareness were organized, and opportunities for collaboration were discussed through exchanges of ideas with National Offices. Additionally, discussions were held on safety measures during the Adventurous Journeys and the adaptation of the Award to local needs.

The Award representatives had the opportunity to visit Award Centres to learn more about the implementation of the Award in Türkiye. This not only increased the sharing of experiences among participating countries but also made significant contributions to the regional development of the Award.
