National Committee President's Message

Hello everyone,

Actually, the most exciting part of this time of the year is; analyzing the previous year and identify what we can do better and to celebrate our success. The Duke Of Edinburgh's International Award Programme is administered more than 16 years in Turkey institutionally. As of the end of 2019, the number of participants that the Award reached has exceeded 17,000.

We would like to thank all of our volunteers who contributed to the deliver the Award.

In 2019, we signed Sub-Licenses with 26 new Award Centres. Since the total number of the Award Centres which signed the Sub-License Agreement is 124, this means that it was a successful year.

During the same period, 86 Award Leaders and 86 Supervisors received trainings. While there were 284 active Award Leaders and 165 Supervisors in the Programme at the end of 2018, we have 370 active Award Leaders and 251 active Supervisors as of December 2019. Although the number of volunteers increased significantly, the number of participants did not increase at the same rate unfortunately. I think that we should brainstorm with the National Committee, the National Office, Award Centres, Award

National Committee President's Message

Coordinators, Award Leaders and Supervisors about the causes of this and we should definitely find a way to deliver the Award Programme to more young people. I believe that we will succeed in this with the support of our valuable volunteers.

We owe gratitude to AKFEN Holding and it's Chairman, Honourable Hamdi AKIN and through himself the AKIN Family supporting and becoming the main sponsor of the The Duke of Edinburgh's International Award Programme - Türkiye, from the first day until it became a fruitful tree in Türkiye.

We would like to thank our Award Coordinators and valuable managers of our Award Centres and who opened their units to the Award Programme.

We are very fortunate to have such precious Award Leaders and Supervisors who play a significant role in delivering the Award to young people. God bless you all.

I would like to end my words with a call to all adults who open their can hearts to volunteering:

YOUNG PEOPLE ARE WAITING FOR YOUR SERVICE, TIME TO SERVE THEM.

With love and respect,

Sultan Yılmaz

With the Award, I pushed my limits, I discovered myself and I didn't stop working. Now when I look back, I can say "I did it!" and I always believe that I can do much more. I would like to thank my school who introduced me to the Award Programme, my Award Leader and my Supervisor who supported me in the process of this journey about myself.

About the Award

The Duke of Edinburgh's International Award, or in Turkish 'Edinburgh Dükü Uluslararası Ödül Programı' is the world's leading youth achievement programme that every young person **between the ages of 14-24** can take part in. The Duke of Edinburgh's International Award Foundation was founded in 1956; **its aim is to equip young people for life and to allow them to create positive change in their communities through gaining valuable life-changing skills.**

The main goal of The Duke of Edinburgh's International Award Foundation is to provide the right conditions in order to ensure that every young person between the ages of 14-24 around the world has the opportunity to take part in the programme. The Licence Agreement that was signed between The Duke of Edinburgh's International Award Foundation and TİKAV in 2013 has allowed the programme to be represented and **delivered by TİKAV** under the name The Duke of Edinburgh's International Award-Türkiye.

TİKAV (www.tikav.org.tr), is the only authorized organisation that can promote, deliver, audit and certify The Award across Turkey; The Duke of Edinburgh's International Award Office is within TİKAV the headquarters.

The History of the Award

1956

The Award was founded in 1956 by The Duke of Edinburgh Prince Philip and started being delivered as 'The Duke of Edinburgh's Award'.

1995

The Award was introduced to Turkey in 1995; it was delivered by the Turkish- English Friendship Association and schools.

2001

The Ministry of Education officially approved the delivery of the Award in high schools across 7 pilot cities and to TİKAV scholars.

Within this time, the validation and certification of the delivery of the Award was under the responsibility of the International Award Foundation.

2013

Since the 1st of June 2013, the Award has been delivered by The Duke of Edinburgh's International Award – Türkiye, which is represented by TİKAV.

Our Mission, Vision and Goals

Our Vision To increase the individual and societal values of young people living in our country through providing access for them to participate in and complete the Award.

Our Mission To provide the right conditions for delivering The Award Programme, to promote the Award and to preserve its quality nationwide.

Our Goal is to make the Award available to all 14-24 year olds in Turkey.

Turkey's Goal for 2020 is to increase the number of participants to 3500. To increase the Award completion rate in line with the new entrants.

Guiding Principles

Individual

Individuals design their own Programme, which can be tailored to suit their personal circumstances, choices and local provision. They start at whichever level suits them best and they can take as long as they wish (within the age limit) to achieve their Award.

Non - Competitive

Doing their Award is a personal challenge and not a competition against others. Every participant's programme is tailor-made to reflect their individual starting point, abilities and interests.

Achievable

The Award is achievable by any individual who chooses to take up the challenge, regardless of ability, gender, background or location, with the right guidance and inspiration.

Voluntary

Whilst the Award may be offered within school, college, work time, custody or extra-curricular activity, individuals choose to do a programme and a must commit some of their free time to undertake their activities.

Guiding Principles

Developmental

Participating in the Award Programme, fosters personal and social development. Individuals gain valuable experiences and life skills, grow in confidence and become more aware of their environment and community which transform them in to responsible young adults.

Balanced

The Award provides a balanced framework to develop the individual's mind, body and community spirit by engaging them in range of activities in up to five different challenges.

Progressive

At each level of engagement, the Award demands progressively more time, commitment and responsibility from the participant.

Inspirational

The Award inspires individuals to exceed their expectations. They are encouraged to set their own challenges and goals before starting an activity, aim for these goals and by showing improvement will achieve the Award.

Persistence

The Award requires and cannot be completed with a short burst of enthusiasm. Participants are encouraged to continue with activities and to maintain their interest beyond their programme requirements.

Enjoyable

Participants and Award Leaders should find the Award enjoyable, fulfilling and rewarding.

Our Strategy

3 Year Strategy

Access

Increasing the number of new Award entrants, particularly those from at risk or marginalised communities.

2019 ANNUAL REPORT

WHAT CAN WE ACHIEVE TOGETHER?

What Can We Achieve Together?

Corporate Partnership

The Duke of Edinburgh's International Award is a global framework for non-formal education, which challenges young people aged 14-24 to dream big, celebrate their achievements and make a difference in their world.

The Award is based on the principle of learning by experience; in particular, it aims participants to achieve the 21st Century skills required in business life. Thus, it prepares them for social and business life. The Award Programme; with the formation it provides, is one of the key elements that employers are looking for in their prospect employees' CVs and it provides an advantage to our graduates in recruitment process.

We carry out "Talent Management" (Internship Programme's) and "Corporate Social Responsibility (CSR) Projects" with companies. As an alternative, during the projects to increase the awareness of the Award in Turkey and to include more young people as possible, we aim to train employees as Award Leaders (mentors) and Supervisors to gain a unique experience. We are currently in cooperation with the leading companies in their sectors. Within the scope of the Award Programme, examples of such collaborations are also frequently encountered abroad.
