Kurulduğu 1956'dan bugüne kadar 130'dan fazla ülkede uygulanan ve milyonlarca gencin katıldığı Edinburgh Dükü Uluslararası Ödül Programı Türkiye'de de düzenleniyor. Akfen Holding tarafından kurulan Türkiye İnsan Kaynakları Sağlık Eğitim Vakfı'nın (TİKAV) gerçekleştirdiği ödül programı, bu yıl 19. yılına girdi.

Programda gençlerin kendilerini keşfetmelerine ve geliştirmelerine, özgüven ve özdisiplin kazanmalarına destek olunması, gençlerin kendi hayatlarında,

yaşadıkları toplumda ve dünyada bir fark yaratmalarını sağlayacak yaşam becerileriyle donatılması hedefleniyor.

FROM an AWARD PARTICIPANT'S PERSPECTIVE

The Duke of Edinburgh's International Award has really contributed and affected me a lot not only throughout my high school education, but also throughout my whole life. It has helped me to see that the number of people who were willing to do things, which were easy to do or was considered as not being important but actually was important for the society, were declining.

The Programme has turned me into a more beneficial individual for the society and I started to see the demands and needs of the society easily. There is a huge gap between my opinions before and after the Programme.

At the beginning, I did not perceive the Programme as being crucial. However, I have dedicated myself to the Programme within time. I've understood the importance of the programme, I have physically improved myself and became a more useful person to the society.

Although I was tall enough to play basketball, I really didn't enjoy playing it; but with the programme I've started playing and enjoyed basketball. Although I didn't see myself talented about handcrafts, I have improved myself in sculpture.

Thanks a lot.
